IBM Cognos Insight V10.1.1

Table of contents

Overview

IBM® Cognos® Insight V10.1.1 provides a simpler, easier to use, and faster approach to creating interactive, compelling analytic experiences.

IBM Cognos Insight offers a separate evaluation version of IBM Cognos Insight V10.1.1 that is available at no cost from

https://www.analyticszone.com

It is functionally similar to the Standard Edition of Cognos Insight with the following exceptions:

- IBM Cognos Insight 30 Day Trial only supports xls and csv file import, and not ODBC or Cognos reports or Cognos TM1® Cube Views® .
- Workspaces created in IBM Cognos Insight 30 Day Trial cannot be shared or published to IBM Cognos Business Intelligence, IBM Cognos TM1 , or IBM Cognos Express® servers.
- The banner at the top of the Cognos Insight 30 Day Trial interface clearly indicates that a trial edition of Cognos Insight is being used.
- IBM Cognos Insight 30 Day Trial has a timer feature which, upon launching the product, indicates that the trial version of Cognos Insight is being used as well as the days remaining in the trial period. Additionally, the pop up window provides a link where users can learn more about the product as well as how to purchase it. The link is

https://www.analyticszone.com

IBM Cognos Insight 30 Day Trial contains all of the features of IBM Cognos Insight Standard Edition including:

- The ability to answer business questions for end users regarding their data at the speed their business needs
- Empowering the business user to create dashboards and discoveries, not just consume predefined reports
- A means for both business and IT users to explore their data by starting with a Cognos solution at a personal level with a growth path for the future

Description

IBM Cognos Insight V10.1.1 provides the most versatile analytic capabilities with greater simplicity.

IBM Cognos Insight V10.1.1 30 Day Trial, a separate offering from the IBM Cognos Insight 10.1.1 Standard Edition, allows all users to independently explore your data and build scenario models on your own without IT intervention. IBM Cognos Insight V10.1.1 is based on proven IBM technology that will grow with you when you are ready.

IBM Cognos Insight 30 Day Trial offers all the tools you need to solve individual or team challenges quickly and easily, right from your desktop:

- Import and merge personal local data directly into your IBM Cognos Insight workspace
- Slice, dice, and drill down through data quickly, without scripting
- Create compelling charts and grids for a multidimensional view of your data
- Perform powerful scenario modeling on the fly, without being connected to a server
- Make smarter business decisions faster

IBM Cognos Insight 30 Day Trial provides you with an opportunity to download IBM Cognos Insight and explore its features for a period of 30 days. This evaluation period gives you a means to see what Cognos Insight has to offer, what it can do for your analytic needs, and how it might fit into the organization. Upon the completion of the 30 day trial period, the product will no longer function and you will be provided with the information that enables you to continue the experience of the benefits of Cognos Insight Standard Edition. Authorized User

Authorized User is a unit of measure by which the program can be licensed. An Authorized User is a unique person who is given access to the program. The program may be installed on any number of computers or servers and each Authorized User may have simultaneous access to any number of instances of the program at one time. Licensee must obtain separate, dedicated entitlements for each Authorized User accessing the program in any manner directly or indirectly (for example, via a multiplexing program, device, or application server) through any means. An entitlement for an Authorized User is unique to that Authorized User an may not be shared, nor may it be reassigned other than for the permanent transfer of the Authorized User entitlement to another person.

NOTE: Some programs may be licensed where devices are considered users. In that case, the following applies. Any computing device that requests the execution of or receives for execution a set of commands, procedures, or applications from the program or that is otherwise managed by the program is considered a separate user of the program and requires an entitlement as if that device were a person.

Limited warranty

IBM warrants that when the program is used in the specified operating environment,
it will conform to its specifications. The warranty applies only to the unmodified
portion of the program. IBM does not warrant uninterrupted or error-free operation
of the program or that IBM will correct all program defects. You are responsible for
the results obtained from the use of the program.

IBM provides you with access to IBM databases containing information on known
program defects, defect corrections, restrictions, and bypasses at no additional

charge. For further information, consult the IBM Software Support Handbook found at

http://www.ibm.com/support/handbook

IBM will maintain this information for at least one year after the original licensee acquires the program (warranty period).

Program technical support

Technical support of a program product version or release will be available for a minimum of five years from the general availability date, as long as your Software Maintenance is in effect. This technical support allows you to obtain assistance (via telephone or electronic means) from IBM for product-specific, task-oriented questions regarding the installation and operation of the program product. Software Maintenance also provides you with access to updates (modifications or fixes), releases, and versions of the program. You will be notified, via announcement letter, of discontinuance of support with 12 months' notice. If you require additional technical support from IBM , including an extension of support beyond the discontinuance date, contact your IBM representative or IBM Business Partner. This extension may be available for a fee.

Money-back guarantee

For clarification, note that if for any reason you are dissatisfied with the program and you are the original licensee, you may obtain a refund of the amount you paid for it, if within 30 days of your invoice date you return the program and its PoE to the party from whom you obtained it. If you downloaded the program, you may contact the party from whom you acquired it for instructions on how to obtain the refund.

For clarification, note that for programs acquired under the IBM International Passport Advantage Agreement, this term applies only to your first acquisition of the program.

Statement of good security practices

IT system security involves protecting systems and information through prevention, detection, and response to improper access from within and outside your enterprise. Improper access can result in information being altered destroyed or misappropriated or can result in misuse of your systems to attack others. Without a comprehensive approach to security, no IT system or product should be considered completely secure and no single product or security measure can be completely effective in preventing improper access. IBM systems and products are designed to be part of a comprehensive security approach, which will necessarily involve additional operational procedures, and may require other systems, products, or services to be most effective. IBM does not warrant that systems and products are immune from the malicious or illegal conduct of any party.
